SUPPORTING INDUSTRIES **WITH WORLD-CLASS SUPPLY**

AL SAHAR GLOBAL TRADING & LOGISTICS SPC, situated in Muscat, Sultanate of Oman, is a distinguished provider of premium general trading and oil field equipment supply services, catering to the diverse demands of industries across Oman and around the world. The company specializes in a wide range of products including oil field equipment, industrial machinery, building materials, safety equipment, marine supplies, mechanical and electrical components, earthing materials, instrumentation materials, pipe system solutions, steel fabrication works, hardware and tools, construction materials, industrial valves, fire fighting systems, insulation materials, HVAC systems, windows and doors supply, and a variety of finished goods.

With an extensive global sourcing network, Al Sahar Global Trading & Logistics SPC has earned a strong reputation for quality, reliability, and performance. The company strategically partners with reputable international manufacturers and suppliers to ensure that all products meet rigorous industry and safety standards, guaranteeing durability and efficiency for industrial, construction, infrastructure, and oil & gas projects. From precision instrumentation and earthing solutions to complete pipe systems and steel fabrication, the company delivers products engineered for long-term performance.

Beyond general trading and oil field equipment supply, the company also provides comprehensive logistics solutions in Oman and around the globe. Its logistics services include freight forwarding by air, sea, and land, customs clearance, cargo handling, warehousing, and door-to-door delivery, ensuring seamless and timely transportation of goods worldwide. This integrated approach allows clients to source materials and manage logistics under one reliable partner.

Al Sahar Global Trading & Logistics SPC's commitment to customer satisfaction is reflected in its professional approach to delivering expert guidance, competitive pricing, and efficient, on-time services. By maintaining a strong understanding of global market trends and industry requirements, the company supports contractors, oil & gas operators, industrial firms, construction companies, and project developers with the resources and logistical expertise necessary for successful project execution.

This steadfast dedication to quality, global reach, and integrated trading and logistics services positions Al Sahar Global Trading & Logistics SPC as a trusted and preferred partner in Oman and across international markets, continually striving to meet and exceed client expectations.

OUR MISSION

YOUR GATEWAY TO THE MIDDLE EAST LOGISTICS SOLUTIONS IN OMAN

Al Sahar Global Trading & Logistics SPC delivers reliable and efficient logistics solutions across Oman and around the globe, ensuring smooth movement of goods for diverse industries, including oil field and industrial sectors. With a strong network of transportation partners, freight forwarders, and supply chain experts, we manage every stage of logistics—from procurement and warehousing to customs clearance and final delivery.

Our expertise in handling general trading materials and specialized oil field equipment enables us to provide safe, timely, and cost-effective shipping solutions tailored to client requirements. Whether it is local distribution within Oman or international cargo movement, Al Sahar Global Trading & Logistics SPC guarantees streamlined operations, secure handling, and real-time coordination to keep your projects running without delays.

We are committed to delivering dependable logistics support that strengthens business growth, enhances operational efficiency, and ensures complete customer satisfaction worldwide.

An aerial view of a large offshore oil platform at sea. The platform is a complex of steel structures, including a tall derrick, various cranes, and multiple levels of decks. A yellow container with the text '25/11 GRANE EQUINOR' is visible on one of the lower decks. The platform is supported by a network of legs extending into the water. The sky is clear and blue, and the water is a deep blue.

GENERAL TRADING AND OIL FIELD EQUIPMENT SUPPLY

Al Sahar Global Trading & Logistics SPC is a trusted name in general trading and oil field equipment supply, delivering high-quality products and dependable solutions to clients across Oman and international markets. We specialize in sourcing and supplying a wide range of industrial materials, construction products, mechanical components, electrical items, and specialized oil field equipment to support diverse sectors including energy, infrastructure, and manufacturing.

With a strong network of global manufacturers and certified suppliers, we ensure that every product meets strict quality standards and industry specifications. From drilling and exploration equipment to valves, fittings, pipes, tools, safety materials, and heavy-duty machinery, our portfolio is designed to meet the demanding requirements of oil and gas operations.

At Al Sahar Global Trading & Logistics SPC, we prioritize timely delivery, competitive pricing, and customer-focused service. Our clients maintain efficiency, safety, and operational excellence in every project.

MACHINERIES AND SPARE PARTS

At Al Sahar Global Trading & Logistics SPC, we deliver powerful machinery solutions and precision-engineered spare parts that keep industries moving without interruption. Serving clients in Oman and across international markets, we supply a wide spectrum of industrial, construction, marine, and oil field machinery designed for performance, durability, and long operational life.

ENGINE SPARE PARTS

Al Sahar Global Trading & Logistics SPC specializes in providing a comprehensive range of engine spare parts, serving the diverse needs of industries across local and international markets. Whether for automotive, marine, industrial, or oil field applications, the company supplies high-quality components designed to ensure reliability, optimal performance, and long service life.

MARINE & OIL FIELD SUPPLY

Al Sahar Global Trading & Logistics SPC is a trusted supplier of specialized marine and oil field equipment, delivering dependable solutions to the maritime and energy industries worldwide. Our portfolio covers a broad spectrum of products, including advanced navigation systems, certified safety equipment, marine chemicals, lifting and rigging gear, drilling tools, pressure-control components, valves, fittings, and essential offshore supplies. mance, and long service life.

OFFICE STATIONERIES

Al Sahar Global Trading & Logistics SPC offers a complete portfolio of office stationery and workplace essentials designed to support productive and organized business environments. Our range covers daily-use supplies such as writing instruments, premium paper products, files, and desk accessories, along with advanced office equipment including printers, toner cartridges, shredders, and ergonomic office solutions.

We prioritize quality, functionality, and value in every item we supply, ensuring dependable performance for offices of all sizes. Through our efficient sourcing and timely delivery, Al Sahar Global Trading & Logistics SPC helps businesses maintain seamless operations with reliable, well-managed workplace solutions.

HYDRAULIC MACHINES

Al Sahar Global Trading & Logistics SPC is a reliable provider of advanced hydraulic machinery and components, delivering efficient solutions for industrial, construction, marine, and oil field operations. Our range includes high-performance hydraulic pumps, precision-engineered motors, directional and pressure control valves, heavy-duty cylinders, hydraulic power units, and reinforced hose assemblies designed for demanding environments.

We prioritize engineering excellence and strict quality compliance, ensuring every product is built for strength, operational stability, and long service life. By partnering with reputable manufacturers, we supply hydraulic systems that enhance productivity and minimize downtime.

Through competitive pricing, responsive customer support, and dependable supply capabilities, Al Sahar Global Trading & Logistics SPC stands as a trusted source for hydraulic technology and performance-driven equipment solutions.

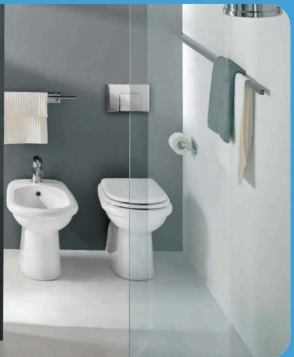

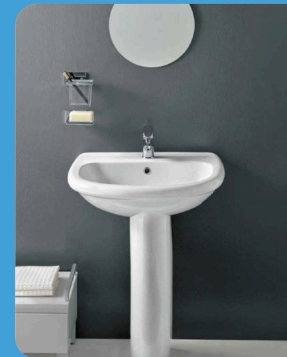

GENERAL HARDWARES, ELECTRICALS, SANITARY WARES PLUMBING PIPES & PAINTS

Al Sahar Global Trading & Logistics SPC delivers an extensive portfolio of general hardware, electrical supplies, sanitary materials, plumbing systems, and paints, supporting the evolving needs of construction and industrial sectors. Our hardware range includes precision tools, fastening systems, industrial fittings, essential building accessories, and comprehensive hardware and tools engineered for strength and long-term performance. We also supply high-quality earthing materials, instrumentation materials, pipe system solutions, steel fabrication works, construction materials, industrial valves, fire fighting systems, insulation materials, HVAC systems, and windows and doors supply to meet diverse project requirements.

Within our electrical division, we provide dependable wiring solutions, energy-efficient lighting, power cables, distribution components, and installation accessories designed to meet strict quality and safety requirements. Our instrumentation and earthing solutions are tailored to ensure operational safety, system accuracy, and compliance with industry standards across industrial and oil & gas environments.

Our sanitary and plumbing selection features durable pipes, fittings, fixtures, advanced pipe system solutions, and water management systems suitable for residential, commercial, and industrial projects. Complementing our product line, we supply high-performance paints and surface coatings formulated for superior coverage, protection, and aesthetic appeal, along with insulation materials and fire fighting systems that enhance building safety and performance.

Through consistent quality control, reliable sourcing, and strong supply capabilities, Al Sahar Global Trading & Logistics SPC ensures materials and solutions that enhance efficiency, durability, and project excellence across construction, infrastructure, and industrial sectors.
